

API / Image

Last Modified on 11/14/2022 10:42 am EST

Entity Description:

Image allows a user to add an Image to the PoliteMail images repository to be referenced in the email, downloaded, and displayed as an embedded image in the email. The image is hosted on the PoliteMail server which enables the PoliteMail server to process email sends faster than using the Copy/Paste routine in Outlook.

Properties

Name	Description	Type	Additional Information
