How to Fill Out a CSR Form for a Branded Hostname

Access and download the [CSR Form here!](#)

Because PoliteMail deploys dedicated servers per account, you can be assigned your own subdomain (e.g. pm.yourcompany.com or analytics.yourcompany.com) to the PoliteMail Server. This can be helpful in cases where companies have done phishing education, as the hover-over links will point to an authentic corporate domain, instead of our default hostname (yourcompany.pmail.com).

*Denotes a mandatory field.

Friendly Name (Defaults to Common Name if not specified)	Company Name Certificate (not required)
*Common Name	Primary name to be included in SAN
*Organization	What type of organization you are Example: Healthcare, Finance, Services, Technology, Chemicals, Logistics, etc
*Organization Unit	What type of role you are in Example: communications, marketing, IT, etc.
*City/Locality	City you are located in
*State/Province	State you are located in (not abbrev.)
*Country/Region	Country you are located in
*Primary Host Name to be included in SAN	Example: Analytics.yourcompany.com
*Secondary Host Name to be included in SAN	Example: Analytics-read.yourcompany.com
Desired Key Size (Defaults to 2048 if not specified)	This is encryption complexity, if you wish it to be higher than 2048 please specify otherwise can be left blank

Example
