What is my host name to log into PoliteMail?

Last Modified on 10/08/2024 10:03 am EDT

Applies To: ■ PoliteMail Desktop ☐ PoliteMail Online ☐ PoliteMail O365

Version: ■ 4.9 ■ 5.0 ■ 5.1+

Your hostname is the same as your server connection, which is usually yourcompany.pmail.com. Some companies may use specially branded hostnames, but that is the default.
