Enable Public Client Flows for Graph and SSO?

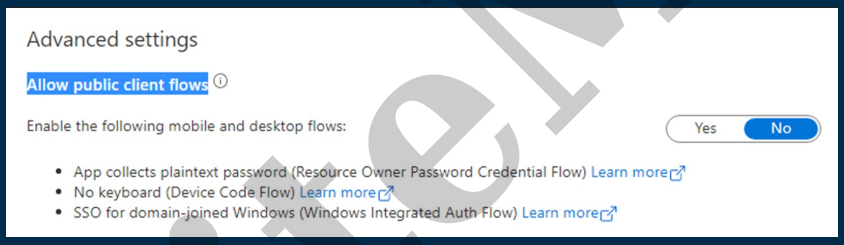

Last Modified on 10/01/2026 4:26 pm EDT

Applies To: New PoliteMail Legacy PoliteMail

Version: 4.9+ 5.0+

Implicit Grants

PoliteMail uses authorization code flow, so Implicit grants or flows can be turned OFF and PoliteMail will function normally. Implicit flows were historically on by default but have been deprecated by Microsoft because they relied on third-party cookies.
