Applies To: ■ PoliteMail Desktop ■ PoliteMail Online □ PoliteMail M365

Version: ☐ 5.0 ☐ 5.1 ☐ 5.2 **☐ 5.3**+

You can see which Templates were made with which Editor from the Messages List.

- 1. Go to Content > Templates. A list of all Templates available to you displays.
- 2. Click on the drop-down arrow next to any column heading. A list of available columns to display shows. Select 'Format'.
- 3. The Format column will list the Editor used, Beefree or PoliteMail, to create each Template listed.
