

# Clear Data and Sign Out

Last Modified on 06/16/2026 10:19 am EDT

**Applies To:**  PoliteMail Desktop  **PoliteMail Online**  **PMUA**  PoliteMail M365

**Version:**  4.9x  5.0 - 5.4  **5.45+**

Dealing with technical or rendering issues with any online application often requires clearing your browser cache. In addition, this can take several steps if you also need to clear additional data within the PoliteMail application to reset everything.

As of version 5.45.6326, PoliteMail makes this a simple process by adding a 'Clear data and sign out' button under your avatar in the upper right corner of PoliteMail Online. This will clear all authentication and cache data at once!
