

How do I find my PoliteMail logs?

Last Modified on 07/31/2026 9:08 am EDT

Applies To: ☐ PoliteMail Online ☐ PMUA ☒ PoliteMail Desktop

Version: ☒ 4.9 ☐ 5.0 ☐ 5.1+

If support requests logs for the COM add-in, the logs can be found in %appdata%/PoliteMail.

We would need the following logs:

- error_log.err
- graph_client_log.err
